Mr. Jigar Desai from J. V. Vasani & Co. was recommended to me through a common friend. Our company Hexacell Packaging Pvt Ltd was in its early stages where everything was facing south due to various reformation in taxes starting from excise to gst and other issues. Mr. Jigar became our guardian. We were new to running a private limited firm and the laws were so unstable my existing C.A. could not keep up. Jigar Sir and everyone in his firm has guided us well by helping me take the right decision for my company.

Sir has always performed above and beyond the call of duty. I highly recommend him for his services as well his personal knowledge on tax saving and scrutiny cases.
